2010 Track & Field TEAM Program

The Athlete's Foot has long been the Triangle's leader in proper fit for every activity. We proudly offer personal fittings to those interested. These fittings include a visual gait analysis, 3 point measurement, shoe suggestions, and fit check. We offer shoes from most major manufacturers, including Asics, Brooks, Mizuno, New Balance, Nike, and Saucony as well as orthotics and insoles from SofSole, Superfeet, and Spenco. By offering only the best products from these companies, we help to insure a proper fit with a quality product.

The Athlete's Foot TEAM program incorporates our fitting philosophy into TEAM specific shoes and training aids. We insure that when purchasing a training shoe, you are not just getting a new one, but the *proper one* for your event and activity level.

Please find below, TAF's TEAM discount coupon. Feel free to make copies for your athletes. TEAM pricing will be in effect throughout the season on *spikes, flats & event shoes*. Please contact Matt Thomas or Mike Zimmerman (919-828-3487) to place an apparel order, arrange on-site TEAM fittings, or to further discuss TEAM accounts and TEAM partnerships.
